

IF YOU BELIEVE, YOU CAN ACHIEVE

WITH
MOTIVATIONAL SPEAKER & LIFE COACH

gary skynner

Who is Gary Skyner?

Gary Skyner defies expectations of what can be achieved. Real life traumas are turned into triumphs every day. Gary's awe-inspiring tale of triumph over tragedy will touch your heart and lift your spirit.

As one of the earliest children in the UK to be born damaged by the deadly Thalidomide drug, which was administered to expectant mothers in the 1960's, Gary's life was destined to

be difficult and challenging as the drug impaired his physical development.

Expected not to live, let alone to achieve much, Gary is living proof that there is nothing you cannot achieve if you believe you can.

Gary's presentation is not your usual run-of-the-mill motivational speech. There are no *"go get 'em boys, climb that mountain, cross that finish line, slay that dragon, and get the pretty girl"* scenarios.

He deals with real life: not as a superstar, athlete or famous mountaineer, but as a man who started out in life with one obstacle after another.

Gary with the Australian Olympic Boxing Team

The Audience

Gary's presentation doesn't show a bitter man but a man standing up asking people to 'do the right thing'. As a professional comedian, the speech is delivered with humorous anecdotes and a look at how the comedic approach to things can often win over the toughest of battles.

Gary is happy to tailor his presentation to the audience, curriculum target or event.

Gary has been presenting to audiences all over the United Kingdom since 1996. Audiences have included:

- Schools (year 7 and up)
- Schools supporting students with emotional and behavioural difficulties
- Schools supporting students with special educational needs and disabilities
- Sporting academies
- Amateur and professional sports teams (including premier league football)
- Prisons (Category B to D)
- Staff training (why not book two back-to-back sessions, one for staff and one for clients or students)
- Sixth form colleges
- Further education colleges
- Universities
- Day centres
- Third Sector conferences
- Disability awareness conferences

Gary is also an accomplished keynote speaker for Rotary and similar organisations.

The Presentation

Presentations can be tailored to any length although generally a 45-minute presentation will allow sufficient time for questions at the end of the session.

Presentations are interactive; Gary enjoys asking the audience to join in. Gary will often

ask two members of the audience to come to the front to help illustrate perceptions.

Gary will introduce the audience to the challenges he was presented with, talk about the 'poor thing' analogy he was given by medical professionals and then show the audience how he overcame each and every obstacle placed before him.

Gary's presentation includes a 7 minute DVD – a tangible insight into

Gary the campaigner, Gary the comedian and even Gary the Pilot! The DVD also features lifelong friend Ricky Tomlinson and Gary's appearance on national television with Jonathan Ross.

Gary will talk about his campaigning achievements with Diageo (formerly Distillers – the UK distributors of Thalidomide) and more recently, the UK Government.

- Approx £150 million for the benefit of UK survivors until 2037 from Diageo – with the help of Gary's celebrity friends – Prince Naseem Hamed, Noel & Liam Gallagher and Michael Owen to name a few.
- A £20 million funding package over three years from the UK Government – along with an apology.

"Gary engaged the audience from the start. His personality shone through and you felt a real connection with him.

His sense of humour, timing, the message he got across loud and clear and the fact the students are still talking about him, show the impact he made.

I would definitely recommend him to other schools. It was a pleasure to meet him."

Audience: Year 7-11 students

In September, the Sixth Form was visited by motivational speaker Gary Skyner who came to deliver a very positive message to our students.

Gary has a physical disability but he has not allowed it to stop him from setting and achieving personal goals. In his presentation, Gary talked about how to conquer fears, benefit from setbacks, change limitations into opportunities and how to make the most of your potential.

Gary's inspiring message certainly showed the students that with application and ambition they can achieve anything they want.

Woolton High School, Liverpool

"The message Gary gave to the boys was serious and poignant. The boys were visibly moved by it. Many of the points Gary raised were interesting, informative and provoked conversation. Important in helping children come to terms with some of the issues in their own lives. The boys found that they could easily relate to Gary's struggles. It was a valuable experience for the boys."

Cronton Sixth Form College and Riverside College, Widnes

Audience: 16 - 18 year old students (2013, with return visits in 2014 and 2015)

"Two fantastic and engaging motivational slots at both our Sixth Form and F.E sites - a huge success.

On a serious note, once they'd all stopped laughing at your jokes, conversations in relation to disability, self-belief and assumptions took over. I am confident that for some, attitudes have changed forever."

Our students from both A level and vocational studies were educated and entertained! Tutors and students have asked if you can come back again next year and I have replied to say 100% yes.

"It was wonderfully inspirational and heart-warming. We listen to many speakers who have achieved some great sporting success but all appear to have begun with every advantage which life can offer.

Your talk showed how personal courage and determination can surmount the most daunting of obstacles and result in success, respect and the admiration of all."

"We wanted an after dinner speaker who would both entertain our sales staff but also motivate them to realise their potential and exceed their customers' expectations.
